Education and Workforce Committee

Congress is long overdue to reauthorize ESEA. AASA does not object specifically to the advancement of piecemeal bills, but we support comprehensive reauthorization. Our children and parents deserve meaningful special education provision in a 160-page law as H.R. 5110. The current special education system today and the current law do not meet the needs of today's students. We urge the Committee to reject the legislation and to engage stakeholders on how to reinvent special education law in the United States.

AASA supports H.R. 5110 and believes that the current confusion over the Bipartisan Safer

We appreciate the Committee's attention to our views about AASA's positions on these bills.

Sincerely,
